WORKS

B e r t a  i n e r

In my paintings I transmit the impression and the feeling that the memory of a vision, landscape or surface generates in me; a capture of the emotion generated by the trace of the beauty that surrounds us.

My works are inspired by the different daily events that nature offers us, in any of its expressions.

When I paint, I abstract myself from the world to meet it and myself, in another place. Each work takes me on an inner journey, a reunion with the essence.

B e r t a G i n e r

Berta Giner was born in Madrid (Spain), where she lives and has her painting studio.

To create her abstract works, mainly large format, she has developed her own painting technique in which she uses different materials and tools.

She does not use brushes during the process, but she does use blades, palette knives and rollers.

For years she combined painting with her work in positions of responsibility in multinational companies. But she made the decision to devote herself full time to her great passion, and in 2022 she began to share her painting with the world.

A decision she dared to take when she felt she had reached the maturity she desired in her own technique and painting.

In a short time she has had the opportunity to exhibit, both individually and collectively, in Madrid (in several galleries), in Rome, in Barcelona (in galleries and in the Museum of Modern Art _ MEAM), in Paris (Contemporary Art Fair and also in Les Salles du Louvre), in Germany (in the modern art fair art KARLSRUHE and in galleries in Berlin) also in Monaco, Rome, Los Angeles (LA Art Show) or New York.

Since she started to share her art with the world, she sells a large number of works to clients and collectors all over the world (Brazil, France, Spain, Italy, USA, Germany...).

Berta Giner nació en Madrid (España), donde vive y tiene su estudio de pintura.

Para crear sus obras abstractas, principalmente de gran formato, ha desarrollado su propia técnica de pintura en la que emplea diferentes materiales y herramientas.

No utiliza pinceles durante el proceso, pero sí cuchillas, espátulas y rodillos.

Durante años compaginó la pintura con su trabajo en puestos de responsabilidad en empresas multinacionales. Pero tomó la decisión de dedicarse a tiempo completo a su gran pasión, y en 2022 comenzó a compartir su pintura con el mundo.

Decisión que se atrevió a tomar cuando sintió que había alcanzado la madurez que deseaba en su propia técnica y pintura.

En poco tiempo ha tenido la oportunidad de exponer, tanto individual como colectivamente, en Madrid (en varias galerías), en Roma, en Barcelona (en galerías y en el Museo de Arte Moderno _ MEAM), en París (Feria de Arte Contemporáneo y también en Les Salles du Louvre), en Alemania (en la feria de arte moderno art KARLSRUHE y en galerías de Berlín) también en Mónaco, Roma, Los Ángeles (LA Art Show) o Nueva York.

Desde que comenzó a compartir su arte con el mundo, vende un gran número de obras a clientes y coleccionistas de todo el mundo (Brasil, Francia, España, Italia, EE.UU., Alemania...).
